Episcopal Church Home Receives Recognition for COVID-19 Response

The Episcopal Church Home, the skilled nursing facility of Episcopal SeniorLife Communities, has been named to Newsweek's list of America's Best Nursing Homes 2021.

Newsweek partnered with global data research firm Statista to establish a ranking of Best Nursing Homes, providing information and insights to help readers understand their options during a very challenging time. America's Best Nursing Homes 2021 highlights the nation's top nursing homes (compared to others in the same state) based on performance data, peer recommendations and the facility's handling of the COVID-19 threat. In building these rankings, Statista and Newsweek took extensive, multiple measures to address the impact of the COVID-19 pandemic outbreak in order to recognize the facilities which have put in place the best possible responses and protocols. The rankings identify the 400 top facilities across 20 states.

"We are honored to receive this designation, and have worked diligently day in and day out since the start of the pandemic to keep our residents and staff safe and healthy," said Amanda Teugeman, Episcopal Church Home Administrator. "We have an amazing staff, and are grateful to each and every one of them who have contributed in numerous ways during this challenging time."
