Episcopal SeniorLife Communities

Life. Inspired every day.

SHAPING THE FUTURE OF AGING — TOGETHER

College Greene Senior Apartments in North Chili, ESLC's newest community for active living.

Expanding Opportunities for Older Adults to Thrive – With Your Help!

For more than 150 years, Episcopal SeniorLife Communities (ESLC) has been woven into the fabric of Greater Rochester – evolving to meet the changing needs of older adults and the families who love them. Today, we are building on that legacy with a bold vision that reimagines aging – one that places autonomy, connection, purpose and whole-person well-being at the center of everything we do.

Your Generosity Reaches Further Than You May Know.

Because of your past support, ESLC continues to impact the lives of older adults in meaningful ways. Your renewed generosity will build on that progress and create even more opportunities for older adults to thrive. When you give to ESLC, you help continue our commitment to:

- **Enrich** the daily life of residents through meaningful programs, activities and enhancements that promote connection, independence and well-being.
- **Embrace** our role in social responsibility by supporting elderships that help older adults live with dignity and independence.
- **Empower** and invest in our extraordinary staff by providing professional development that sharpens their expertise and supports their growth and the care they provide.
- **Expand** community programs and services that will transform the future of aging by creating new opportunities for older adults across our entire region.

We are putting this commitment into action by expanding housing opportunities and creating new spaces where older adults can connect, learn, stay active and thrive.

Expanding Housing Opportunities

Our recent purchase of College Greene Senior Apartments in North Chili represents an important step in addressing the growing need for active, middle-income housing in our

community. Over the next few years, every apartment and shared community space will be renovated and ESLC will bring additional health and wellness programming and resource navigation to current and future residents, helping to foster comfortable aging opportunities in their community.

A New Home for Lifelong Learning and Wellness

We are also thrilled to announce that Oasis Rochester, now proudly sponsored by ESLC, is moving to a vibrant new home at 1530 East Avenue (next to Valley Manor) in December. We are creating a dynamic space designed to inspire and energize older adults, featuring a demonstration kitchen, dance and fitness studio, meeting and classroom spaces, a patio and convenient parking, creating new opportunities for older adults to connect, learn and thrive in the new space!

Shaping the Future of Aging Together

Your continued support will help turn these ideas into reality. I invite you to renew your commitment to ESLC with a gift this year. Together, we can expand opportunities, strengthen our community and ensure that more older adults have the resources and experiences they need to live fulfilling lives.

Thank you for your generosity, your confidence in our mission and your continued partnership. We are grateful to have you alongside as we shape the future of aging in Greater Rochester.

Sincerely,

Lisa Marcello
President/CEO
